What Does This Brain Profile Assess?

This brain profile assessment is a unique brain-based talent development assessment that measures the drivers that optimize brain performance and the factors that make up a person's neurological design.

Why Do The Assessment?

Neuro-Link offers brain-based learning and development assessments and brain training solutions to businesses, learning institutions and individuals. we are workplace learning specialists empowering workers

managers and leaders with skills to out-think, out-learn and out-create the competition. The NAP™ Advanced is a great tool to select talent, develop talent, enhance work place engagement, improve performance and promote happiness.

The NAP™ Advanced+ brain profile assessment offers the following:
