What Does This Brain Profile Assess?

This brain profile assessment is a unique brain-based learning assessment that measures all the factors that influence a learner's brain for

performance, learning and thinking.

Why Do The Assessment?

Neuro-Link offers learning and development assessments as well as solutions to businesses, schools and individuals. We are learning specialists empowering learners with skills to think and learn faster and smarter by optimizing their brain performance. Neuro-Link assists learners in developing their unique potential, getting better learning results and helping them become more of who they can be!

The NAP™ Toolbox brain profile assessment offers the following:
